## ENCOURAGED TO WIN!

Now works for Best Practice Training & Development Ltd!

Nana now works for Best Practice after being on one of their courses. This is her story.

Nana was referred on the Moving Towards Work course at Best Practice from her local Job Centre in Watford. At the beginning of the course Nana was given initial tests to assess the current level of her ICT, Maths and English skills. This was to determine the level of support that she would need while she was on the course.

*"Best Practice are truly amazing people who care and are in the business of helping you to achieve."*

She was very humbled by the whole experience. The results were not what she had expected by her standards and she realised that there was a lot to learn and to improve on. It was an even bigger shock for Nana to discover why she was not having any success with her job applications. Her CV was out of date and needed drastic improvement.

She met Julie Nelson who was the tutor on the course. Julie was truthful and honest which encouraged her to trust in her advice and knowledge of employment, recruitment and training. Julie helped her self-esteem and believe in herself.

Nana has gone on to achieve a BTEC Entry 3 Award in Workskills and Functional skills in ICT and now works for Best Practice in a Marketing Co-ordinator role.

### Tutor comments Julie Nelson

**"We achieved our goals with amazing results. It is a lovely reminder of the wide range of different learners we support here at Best Practice."**
