Changing your life through confidence at work

**SIGNED UP FOR THE
NEXT COURSE**
"I would recommend
Best Practice to anybody!"

MY STEPPING STONE TO NEW FOUND SUCCESS

Now working as a **SENIOR ASSISTANT MANAGER** at Greggs!

Noreen now works for Greggs after completing a Best Practice course. This is her story.

Noreen from Hackney, came out of retirement after 29 years of being unemployed to look for work. She doubted her ability to do anything and lacked confidence in her skills and abilities. She was advised to do one of the Best Practice courses. She came along for the induction and found it was the best thing for her. She felt comfortable, supported and loved by Elaine and the Hackney Team. She did a BTEC in Workskills and Functional Skills Maths and passed.

She enjoyed the course so much that she signed up for the next one - a progression onto the next level of Maths and ICT skills.

"I have always been computer literate for the work place but I did not know how to use computers in a creative way which I am now able to do in my everyday life. It was also good to get a refresher in Maths, as this has brought me up to date and current with my skills; giving me the confidence I need to look for work."

Being on a Best Practice course has changed Noreen completely.

She has since recommended that her brother do one of the courses and he is currently on one and is enjoying it. She would recommend Best Practice to anyone because of her experiences.

Tutor comments Elaine Barklem

"It is always amazing to see the turnaround our learners make in their lives after completing a course with us."
