Changing your life through confidence at work

**SCOPE WILL GIVE OUR
LEARNERS TRAINING**
The next step into work

BEST PRACTICE CONFIRMED AS PLACEMENT PROVIDER FOR SCOPE!

SCOPE is a disability charity which was formed 60 years ago. This was founded by three parents who wanted disabled children to have access to education. There are now more than 240 SCOPE shops nationwide which raise money for their work and provide volunteering opportunities for over 4000 people. Best Practice has now become a 'Placement Provider' for SCOPE and we are excited to see where this new venture will take us.

SCOPE is a good stepping-stone for our learners that are not quite ready for work but would like to volunteer. As a result of this, we are now considering learners on our courses who might be suitable to introduce as volunteers for SCOPE and who will benefit from working in a shop environment. This includes those that need experience in communicating with customers or just need to gain some confidence. We have been referring our learners to the SCOPE branch in Slough and this partnership is working very well.

According to SCOPE's head office:

"I heard from Trisha at the Slough shop about Best Practice and how well the placements have been working out for everyone there."

Here are what some of our learners at Best Practice had to say about volunteering with SCOPE.

"I am enjoying volunteering at SCOPE and look forward to achieving a reference to help me get into a job."

"Volunteering at SCOPE has given me back my selfconfidence. I know I have much to offer an employer."

"I keep learning and gaining more skills and this experience has helped me in many ways."

Area Manager Nina Griggs

"This is a really good opportunity for those learners who are not quite ready for work to be able to build up their confidence and improve on their skills. For others it can be a stepping - stone into retail and then into work. SCOPE are very happy with how things are going."
